

## Post-World War II Allied Trials for Axis War Crimes

---

By Don Ford  
Foreign, Comparative, and International Law Librarian  
University of Iowa College of Law

### **Introduction**

This pathfinder will discuss print, online, and microform resources dealing with post-World War II Axis war crime trials involving Germany and Japan. Descriptions of print and microform resources will emphasize the collections at the University of Iowa College of Law Library and Main University Library.

### **Media and Finding Aids**

#### **I. Media**

##### **A. Print**

Print resources in this pathfinder include bound volumes of primary law (international statutes and war crimes tribunal trial transcripts, documentary evidence, and court opinions) and secondary resources (mainly scholarly treatises). In addition, print government documents such as hearings and congressional reports, will be included.

##### **B. Online**

Online resources include links to guides to war crime collections in other academic law libraries, academic libraries, and in specialty libraries such as the United States Holocaust Museum Library.

##### **C. Microforms**

Microforms include the following resources: microfiche (sheets); microfilm (on reels); CD-ROMs. All of these resources can be found in the Law Library Special Services Center; the Main Library Media Services Center; and the Main Library Government Document Center.

#### **II. Finding Aids**

##### **A. Library of Congress Subject Headings**

Library of Congress Subject Headings consist of controlled vocabulary used in American library bibliographic records. In online public access catalogs (OPACs), like the University of Iowa's InfoHawk OPAC, the LC subject headings are particularly useful because they are links which aggregate holdings in all of the UIowa Libraries (including both the Law Library and Main Library) that are classified under a particular subject.

For example, here are some subject headings from treatises cited in this pathfinder:

- War crimes--Trials--Germany (West)--Nuremberg--1945-1946
- International Military Tribunal for the Far East. Tokyo war crimes trial
- War crime trials--Japan
- World War, 1939-1945--Atrocities
- Tokyo Trial, Tokyo, Japan, 1946-1948--Bibliography
- War crime trials—Japan--Bibliography

## **B. University of Iowa's InfoHawk Online Public Access Catalogue (OPAC)**

InfoHawk is an OPAC allowing for both exact title and author searching as well as "advanced" searching using, inter alia, author, title, or subject keyword searching. In addition, advanced searching allows publisher searching, browsing by LC call number, and limiting by location or type of media.

## **Allied European Theatre of Operations (ETO)**

### **I. Introduction to Coverage of ETO War Crime Trials**

This pathfinder will outline English and German language primary and secondary resources available for the two sets of Allied trials at Nuremberg (both between 1945 and 1950), and for selected trials at other sites in occupied Germany.
